

ViewModel

```
classDiagram
    class ViewModel
    class AccountViewModel["com.snail.userscreen.ui.account.AccountViewModel"]
    AccountViewModel --|> ViewModel
```

The diagram illustrates a class inheritance relationship. At the top is a box labeled 'ViewModel'. Below it is a larger box labeled 'com.snail.userscreen.ui.account.AccountViewModel'. A blue arrow points from the bottom of the 'AccountViewModel' box up to the bottom of the 'ViewModel' box, indicating that 'AccountViewModel' inherits from 'ViewModel'.

com.snail.userscreen.ui.account.
AccountViewModel
